ROAD AGENT'S REPORT

MAINTENANCE

The usual work of maintenance has been done on town roads, including grading and the placing of new gravel in many parts of the town. During the year 1952, the total amount of gravel hauled and placed on town roads was 10,036 cubic yards which was 4,000 cubic yards more than was put on in 1951.

Three new culverts were installed to replace old ones or in new places where needed. One of these three was a four foot cement tile culvert on the back road at State Line, to replace an old culvert which was unsafe. This was a major operation and the cost of it was as follows:

24 feet of 4 foot cement tile	$516 92
Labor	227 88
Bulldozer	135 13
Miscellaneous	15 00
Total	$894 93

OILING TOWN ROADS

During the past year four new pieces of road were treated with asphalt. The combined length of these sections is about two miles, which is a considerable addition to the total length of black topped town road.

In addition to this, 2.6 miles of black top road was surface treated with stone, grits and asphalt, and .4 of a mile was given an asphalt seal coat.

Besides the above, 80 cubic yards of patching mix was used in repairing wear on existing black top roads.

Included in the two miles of new black top road mentioned above was a considerable section of the Bowkerville road leading westerly from Route 12 at Bowkerville four corners. This was made possible by the contribution

of $680 from Bowkerville residents, given by them to supplement the regular appropriation for oiling. Below is a list of those who shared in this gift.

Herbert L. Haskell	August Maki
Walter F. Tommila	Alexander Blaymire
Felix Tommila	Walter Hongisto
Donald Holbrook	John Mattson

Eino Hongisto	Arne Luopa
Smertsi Luopa	J. William Luopa

FIRE WARD'S REPORT

Year 1952

During the past year we have been most fortunate in again keeping our losses to a minimum. Our good record is due in a large measure to the alertness of our citizens who co-operate in eliminating and preventing the causes of fire. High commendation must also be given to our fire-fighters for their prompt response to all alarms and for their highly efficient work in extinguishing fires.

Our equipment consists of two triple-combinations and a forest-fire unit, plus 3 portable pumps and a good supply of accessories. One fire station is located adjacent to the Town Hall and the other is on the Richmond Road at Fitzwilliam Depot. Both are equipped with whistles activated by compressed air.

Let us continue to make every possible effort to prevent fire. Let us "be Fire Free in Fifty-Three!"

Board of Selectmen,
Fitzwilliam, New Hampshire.
Gentlemen:

Submitted herewith is the report of the annual audit and examination of the accounts of the Town of Fitzwilliam for the fiscal year ended December 31, 1952, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the audit and examination were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Road Agent, Trustees of Trust Funds, Plante Memorial Park Commission, Treasurer of the Elliot Institute, Library Treasurer and Village District.

FINANCIAL STATEMENTS

Comparative Balance Sheets: Dec. 31, 1951—Dec. 31, 1952: (Exhibit A)

Comparative Balance Sheets as of December 31, 1951, and December 31, 1952 are presented in Exhibit A. As indicated therein the financial condition of the Town changed from a Net Debt of $1,102.67, to a Surplus of $2,208.69, during the year 1952.

Analysis of Change in Financial Condition: (Exhibit B)

An analysis of the change in financial condition of the Town during the year is made in Exhibit B, with the factors which caused the change indicated therein. These were as follows:

Decreases in Net Debt (Increases in Surplus)	
Net Budget Surplus	$450 58
Long Term Note Paid	3,000 00
	$3,450 58

Increases in Net Debt (Decreases in Surplus)

Decrease in Accounts Receivable	$124 78

Comparative Statements of Appropriations and Expenditures—Estimated and Actual Revenues: (Exhibits C & D)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1952, are presented in Exhibits C and D. As indicated by the budget summary (Exhibit D), a net revenue surplus of $694.60, less a net overdraft of appropriations of $244.02 resulted in a net budget surplus of $450.58.

Sumary of Receipts and Expenditures: (Exhibit E)

A summary of receipts and expenditures for the fiscal year ended December 31, 1952, made up in accordance with the uniform classification of accounts, is included in Exhibit E. Proof of the Treasurer's balance as of December 31, 1952, is indicated in Exhibit F.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks.

GENERAL COMMENTS

Treasurer's Surety Bond:

It is noted that the amount of the Treasurer's surety bond for 1952 is $4,000.00. Inasmuch as the funds which

the Treasurer handled in 1952 amounted to $128,000.00, the surety bond is disproportionate in amount and should be increased in 1953 to $10,000.00.

Conclusion:

The accounts of all town offiicals which we examined were found in good condition and the accounting procedure conformed to the prescribed methods.

The provisions of Section 31, Chapter 211, of the Laws of 1939, require that this report or a summary of its essential features shall be published in the next annual town report.

We extend our thanks to the officials of the Town of Fitzwilliam for their assistance during the course of the audit.

Yours very truly,
HAROLD G. FOWLER,
Director,
Division of Municipal Accounting
State Tax Commission.

Alan R. Matthews Auditor.
Hugh J. Cassidy, Accountant.

Respectfully submitted,
HAROLD G. FOWLER,

REPORT OF THE LIBRARIAN

Cataloging is still in process. Now that an oil burning forced air furnace has been installed, replacing the old one pipe wood burner which had become unsafe to continue operating, it will allow some work being done in the building other than regular library hours.

The charging system, after over a year's operation, has proven entirely satisfactory.

A total of 160 volumes have been purchased during 1952, made up of 42 juveniles, 66 fiction, and 52 non fiction. Gifts totaling 13 books have been received.

The State Library is sending one of its two book mobiles about every two months. It also visits the school. The Parents Teachers Association also selects books for the School Library and renews them periodically. Circulation of juveniles has been about doubled thereby.

Circulation	
Juveniles	1,456
Fiction	1,980
Non fiction	654
	4,090

Attention of the taxpayers is called to a monthly publication, to be found in the reading room, "Consumers Reports" and "Guide." This reports laboratory tests of the leading manufactures of everything from hairpins to automobiles and anyone wishing to purchase articles such as washing machines, televisions, etc., would do well to consult these reports before buying, rather than taking salesmen's statements.

Empty stack capacity will take care of 2100 additional volumes.

RODMAN SCHAFF,
Librarian.

REPORT OF SUPERINTENDENT OF SCHOOLS

The school children of Fitzwilliam continue to enjoy the benefits of instruction by an experienced and capable staff of teachers. With the exception of the new teacher for grades 5-6, there were no changes in the school staff during the past two years.

The administration of the school has been in the capable hands of Principal Donald Parker for two years, and parents who bring their problems to him are assured of an intelligent, tactful and sympathetic approach to their difficulties.

The continued interest and good work of the Fitzwilliam P. T. A. is a bright note in the local educational program.

CHARLES L. BOWLBY,
Supt. of Schools.

REPORT OF PRINCIPAL

This report is supplementary to the report of the staff. It is concerned with the general areas of the school.

ENROLLMENT

The registration in September showed a total of 168 pupils in grades I through VIII. The following table shows the enrollment broken down by grades and sex:

	Boys	Girls	Total
Grade I	12	10	22
Grade II	6	8	14
Grade III	7	11	18
Grade IV	10	18	28
Grade V	18	11	29
Grade VI	9	8	17
Grade VII	19	7	26
Grade VIII	12	2	14
	93	75	168

STAFF

In the report of 1951, I enumerated the qualities of the teachers. I will not repeat them, for they remain the same, with one exception. I wish to emphasize the fact that Fitzwilliam is particularly fortunate, indeed, is to be envied in its Primary teachers. Miss Knapton, Mrs. Basto, and Mrs. Damon are, in my estimation, second to none. Mrs. Harling, in the Fourth Grade, has ever been a valuable member of the staff, and her class is benefitting from her recent visit in England. It is very desirable that teachers travel. Mr. Graves is our new member, and was procured shortly after school started, to teach the Fifth and Sixth Grades. He has two grades in a classroom, with 40 pupils. This is a large class, but he has taken his responsibilities seriously, and is progressing very nicely.

CURRICULUM

As was mentioned in the previous report, Fitzwilliam is benefitting from its central school. The Dr. George S. Emerson School Association (our sudent government) would not have been possible in the old system. Neither would it have been possible for me to provide school dances without the central school. The Association and the dances are an effort on my part to provide some of the social activity for pupils which has hitherto been missing. Mr. John Russell has loaned into my care, for the use of the school children, a brand-new motion picture projector. This has made possible the use of rent-free, colored motion pictures in the curriculum, and this generous act deserves the gratitude of the citizens, as it already has the gratitude of the pupils and staff.

SPECIAL STAFF

Our Music Supervisor is Mrs. Azalea Wilson, who is well qualified and competent. Mr. Leonard Littlefield is the Manual Training instructor, new this year to us. Mr. Robert Dunton, a Korean veteran, is janitor. Mrs. Carl Baldwin and Mrs. Mary Lillback are the cooks, and Mrs. Rachel Dunton is alternate cook. Miss Davis is our school nurse, and has already tested the pupils' hearing and

sight, and assisted Dr. Emerson in giving physical examinations to all pupils. The school bus drivers, Mrs. Mattson, Miss Flagg and Mr. Whipple are reliable and punctual.

TOWN

The P. T. A. is active and effective in giving financial aid to the lunch program by purchasing equipment, and has donated records and books to the pupils. The people of any town must be active and interested in their school if it is to be at its best, and no one more deserves support than do our children. The school building is a fine one, and deserves a proper setting. Again, I recommend that the people consider the landscaping of their school.

Respectfully submitted,
DONALD M. PARKER,
Principal.

All primary grades are busy learning letters and sounds. Many books and devices are being used. To help us learn sounds we have new workbooks, Happy Times with Sounds, Books I, II, and III.

We also have arithmetic, spelling, music, language, social studies. writing, art, health and science.

In music we learn to sing many nice songs. We learn how to read notes, too. We enjoy the action songs and dances very much.

Moving pictures are shown frequently and dances are held every month.

We greatly appreciate books from the school, town and state library. The bookmobile comes every two months.

Through the untiring efforts of Mr. Parker, our principal, a student council has been organized in which children from all the grades participate. We on the student council are proud to help the Dr. George S. Emerson School to be a happy and well run school.

ANNIE LOUISE KNAPTON,
MADELEINE BASTO (MRS.),
EVELYN M. DAMON (MRS.).

In the Fifth and Sixth Grades the emphasis is upon development of such basic tools as reading, language, penmanship, computation, and spelling. Further the curriculum is supplemented by social studies, science, art, health and music.

Utilization of individual and group projects along with movies, film strips, bulletin board work are found to be highly motivational and instructional. Also participation of the Fifth and Sixth Grades in monthly school dances and student council launched this year by Mr. Parker are also of great value.

WILLIAM T. GRAVES.

GRADE IV

In grade Four we are putting much emphasis on reading, writing, arithmetic, and much phonetic work is also having a place in our busy and varied curriculum.

AVIS B. HARLING (MRS.)

The Seventh and Eighth Grade pupils are given subject matter of advanced difficulty, in keeping with the curriculum of the school systems all over the country, and the one which they will attend upon graduation. Self-direction and critical thinking are encouraged, for these are young men and women. The boys are fortunate in having woodworking with an especially trained teacher. I regret that the girls have no opportunity to have Home Economics this year, as they have had previously. Individual differences are recognized, and treated in a practical manner. The Student Council is in operation, as promised last year, and its effect is felt. The democratic process is used in school direction, as it is the guiding principle of the nation. I feel that our central school is having its effect in fostering the cooperative spirit, also.

DONALD M. PARKER.

BROUGHT TO TOWN FOR BURIAL

WILLARD M. BLODGETT, Town Clerk.

TEAM WORK WILL DO THE JOB

Teamwork has won victories from time immemorial—for families, towns, cities, states and nations. Team work is the highest form and most democratic example of cooperation. Without team work, America and Americans would never have achieved the greatness that is theirs. We are all aware of its power and appeal. It is no less needed now than in the past.

Team work among those who live, work and recreate in and near the woodlands, is vital. There never was a time when our woodlands as a whole were in such precarious condition as they are now.

Since the hurricane, nearly 900,000 acres of slash have been added to our already sizeable slash problem. If we are to avoid unnecessary trouble with fire in our woodland areas everyone must cooperate—we must have team work. The remedy is simple—

YOU and YOU and You and You

MUST secure the required permit from your local forest fire warden before burning.

MUST use necessary precautions while burning or smoking in or near woodlands.

MUST not throw lighted cigars, cigarettes and matches from vehicles moving along highways.

Otherwise YOU might well contribute to a costly and damaging fire. And don't forget that fire might destroy your own property!

REMEMBER—Only YOU and YOU and YOU can prevent fire!
TEAM WORK WILL DO THE JOB!

Number of local fires, 8.
Number of acres burned, 33.
Number of permits issued, 108.

CARL E. BALDWIN,
Forest Fire Warden.
F. J. BAKER,
District Chief.
